Our Breaky Central 3rd birthday party was a huge success. Thank you to the kind families who gifted us with food items and Foodworks vouchers.

A presentation was made to Ben Dalgarno Fixter who was only required to volunteer 52 hours as a part of his Duke of Edinburghs Award. Amazingly Ben volunteered over 120 hours. Thank you Ben for your help and dedication.

Thank you also to Warwick and Sharon from our school canteen who generously donated $100 worth of canteen vouchers to use as prizes. Prize winners were as follows:

**Pass the Parcel:** Ronan Gray, Monique Kitchener, Louis Thain, Emmerson Buchegger, Oliver Graham, Bella Pellow.

**Logo Winner:** There were some very creative entries, however, we could only pick one winner. Daniel de Haan’s very clever design (pictured above) will now be used on all of Breaky Central’s notices and advertising. Well done and thank you Daniel.

Thank you to everyone else who was involved in making this such a fun and successful event.

Karen Buchegger
RFDS Visit

Coolamon Central School recently had the pleasure of hosting a visit from The Royal Flying Doctor Service (South Eastern Section) along with their Aero-medical Simulator. Their National Education Program is designed to teach students about the role of the Royal Flying Doctor Service (RFDS) in remote and rural communities and provide a snapshot of their history. The Aero-medical Simulator is a full replica of a King Air B200 RFDS Emergency Retrieval aircraft. The Simulator is fully equipped with flight controls/indicators, stretchers, communications, oxygen and suction, some of the tools used by the doctors, nurses and pilots of the RFDS.

Our students thoroughly enjoyed this unique experience, learning about these 'flying intensive care' units, hearing stories about rescues, sitting at the flight controls and studying the history of the RFDS and seeing the visual representation on the Australian $20 note. A huge thank you to Bob and Sarah for giving our students such an engaging learning experience.

Tracy Delaney
Assistant Principal

Managing Mindsets in Maths

Students at CCS have been learning that they can grow their intelligence if they don't limit themselves in their capabilities. Too often many students think they are 'dumb' at Maths and often give up before the lesson has even started. Having this 'fixed mindset' causes students to never grow and reach their full potential. The key to success is having a 'growth mindset' and persevering so that you go through the 'Learning Pit' and come out the other side understanding the concept. I am proud to say that most students are starting to adopt a 'growth mindset' and are setting higher expectations for themselves in their learning. Well done to all subject award winners, but also well done to the other students, who have also engaged with their learning and seen growth in their understanding and skill set.

Mr Manuel

Subject award winners for Maths:

MATHEMATICS AWARD RECIPIENTS
P&C Battery Drive

Start compiling those old vehicle batteries as P&C are once again coordinating their battery drive.

Ask your neighbours, ask your friends. If you can't deliver them to the CCS Ag Plot in Douglas Street yourself please phone the school office and we will arrange a pick up time.

This is a great way that you can assist the school financially and clean up your yard at the same time.

- Book Week Parade Reminder
- PDHPE Syllabus Not 7-10
- Stage 4 Premier’s Debating Challenge
- Soccer Round Robin—Secondary

Careers News

“All our dreams can come true, if we have the courage to pursue them.” –Walt Disney

Future school events

- UAC applications opened 5th August and close 30th September

Post events

- First aid course – Royal life saving

A group of 11 students completed the first aid course held at school on Monday 31st August. It was an eye opener for the students as they completed physical safety measures for their patient’s. All students enjoyed the day and now have skills that help prepare them for any incidents they may be faced with.

Careers opportunities

- Apprentice baker – Woolworths
- Apprentice electrician – GTES
- Apprentice Welder - ATEL
### PHOTO COMPETITION

Coolamon Art & Craft Shop are holding a Photo competition. Take a photo of the Coolamon region (no bigger than a postcard). Drop it into the Craft Shop by the 30th September 2015. NO late entries. Photos can be colour or black and white. Three Sections: K-4, 5-8, 9-12. Photos will be placed on display in the Craft Shop windows. Voting will be open to everyone from 1st October until 5th October. We are looking for 3 winning photos that will be made into Coolamon postcards which will be sold in the Coolamon Art & Craft Shop.
